SESNON FIRE UPDATE: Animal Evacuation Centers!

Los Angeles – LA Animal Services assisted in the evacuation of 276 horses and 132 small animals as a result of the Sesnon and Marek fires in the north San Fernando Valley. 159 horses were taken to Pierce College, 46 were taken to Hansen Dam, 9 horses were taken to Peter Pitchess Honor Farm, and 62 horses were taken to LA Equestrian Center.

108 small animals were taken to the City’s Mission Animal Care Center located at 11031 Stranwood Avenue. 24 animals were taken to the City’s West Valley Animal Care Center located at 20655 Plummer Street. Chickens, goats, a sheep and rabbits were also rescued.

All animals are being triaged by Department Veterinarians. One cat was reported singed; one poodle is on medication for seizures; one horse sustained a gash (assumed fence injury) and another horse sustained a leg injury while running. Both injured horses were transported to a local horse veterinarian for treatment. All other animals are reported to be doing well, with no injuries/illnesses to report at this time.

The Department’s Animal Rescue Team (DART) responded to a call to recover two horses killed by the fire on a ranch in Browns Canyon area. The ranch could not be reached by truck due to unstable bridge. DART personnel recovered the horses utilizing “glide” equipment.

Nutro Dog Food donated 20 tons of dog food and Home Depot donated 50 buckets, gloves, dust masks and water.

The Department has Animal Control Officers stationed at Pierce College, Hansen Dam, and LA Equestrian Center to insure horse safety. The Department reports adequate supply of horse trailers/equipment to transport horses should additional evacuations become necessary. Equipment is standing by at both Hansen Dam Command Post (Marek Fire) and Thousand Oaks Command Post (Sesnon Fire) to transport any additional horses.
