Board will hear the presentation on the topic and gather additional information from Department Staff. Once presentations have finished, the Board President will ask if any Board Member or member of the public wishes to speak on one or more of these items. Each speaker called before the Commission will have one (1) minute to express their comments and concerns on matters placed on the agenda.

PUBLIC INPUT AT BOARD MEETINGS – Public Participation on Agenda Items.
Members of the public will have an opportunity to address the Board on agenda items after the item is called and before the Board takes action on the item, unless the opportunity for public participation on the item was previously provided to all interested members of the public at a public meeting of a Committee of the Board and the item has not substantially changed since the Committee heard the item. When speaking to an agenda item other than during Public Comment (see Public Comment below), the speaker shall limit his or her comments to the specific item under consideration (California Government Code, Section 54954.3).

Public Comment. The Board will provide an opportunity for public comment at every regular meeting of the Board. Members of the public may address the Board on any items within the subject matter jurisdiction of the Board as part of Public Comment.

Speaker Cards. Members of the public wishing to speak are to fill out one speaker card for each agenda item on which they wish to speak and present it to the Board secretary before the item is called.

Time Limit for Speakers. Speakers addressing the Board will be limited to one (1) minute of speaking time for each agenda item except in public comment which is limited to three (3) minutes. The Chairperson, with the approval of a majority of the Board, may for good cause extend any speaker’s time by increments of up to one (1) minute. Total speaker time on any agenda item will be limited to ten (10) minutes per item and fifteen (15) minutes for Public Comment, unless extended as above.

Brown Act. These rules shall be interpreted in a manner that is consistent with the Ralph M. Brown Act, California Government Code Section § 54950 et seq.

STANDARDS OF CONDUCT. Speakers are expected to behave in an orderly manner and to refrain from personal attacks or use of profanity or language that may incite violence.

All persons present at Board meetings are expected to behave in an orderly manner and to refrain from disrupting the meeting, interfering with the rights of others to address the Board and/or interfering with the conduct of business by the Board.

In the event that any speaker does not comply with the foregoing requirements, or if a speaker does not address the specific item under consideration, the speaker may be ruled out of order, their speaking time forfeited and the Chairperson may call upon the next speaker.

The Board, by majority vote, may order the removal from the meeting of any speaker or audience member continuing to behave in a disruptive manner after being warned by the Chairperson regarding their behavior. Section 403 of the California Penal Code states as follows: “Every person who, without authority of law, willfully disturbs or breaks up any assembly or meeting that is not unlawful in its character, other than an assembly or meeting referred to in Section 302 of the Penal Code or Section 18340 of the Elections Code, is guilty of a misdemeanor”.

Please join us at our website: www.LAAnimalservices.com
VOTING AND DISPOSITION OF ITEMS – Most items require a majority vote of the entire membership of the Board (3 members). When debate on an item is completed, the Board President will instruct the Secretary to "call the roll". Every member present must vote for or against each item; abstentions are not permitted unless there is a Conflict of Interest for which the Board member is obliged to abstain from voting. The Secretary will announce the votes on each item. Any member of the Board may move to "reconsider" any vote on any item on the agenda, except to adjourn, suspend the Rules, or where an intervening event has deprived the Board of jurisdiction, providing that said member originally voted on the prevailing side of the item. The motion to "reconsider" shall only be in order once during the meeting, and once during the next regular meeting. The member requesting reconsideration shall identify for all members present the Agenda number and subject matter previously voted upon. A motion to reconsider is not debatable and shall require an affirmative vote of three members of the Board.

When the Board has failed by sufficient votes to approve or reject an item, and has not lost jurisdiction over the matter, or has not caused it to be continued beyond the next regular meeting, the issue is again placed on the next agenda for the following meeting for the purpose of allowing the Board to again vote on the matter.

COMMISSION MEETING DATE:  February 12, 2013 PREPARED BY:  John Chavez

REPORT DATE:  February 8, 2013 TITLE:  Assistant General Manager

SUBJECT:  APPROVAL TO RELEASE WILD AND EXOTIC ANIMAL VETERINARIAN REQUEST FOR QUALIFICATIONS (RFQ)

BOARD ACTIONS RECOMMENDED:

1. APPROVE the release of a Request For Qualifications (RFQ), subject to City Attorney approval as to form and legality, to solicit firms or individuals to inspect circus elephants, tigers, and other wild and exotic animals performing in the City.

2. REPORT BACK with the list of qualified service providers.

SUMMARY

In the past two years, the City has had to obtain the services of a wild and exotic animal veterinarian to inspect the health and well-being of circus elephants in conjunction with the issuance of performance permits to Ringling Bros. and Barnum & Bailey Circus. The Department’s veterinarians are not trained in the veterinary care of wild and exotic animals and those at the Los Angeles Zoo have not been available for this purpose.

In 2011, the cost of hiring an independent veterinarian was paid for by the People for the Ethical Treatment of Animals (PETA); in 2012, the Department of Animal Services paid for this service. In both cases, veterinarians were identified on short notice to perform the needed services.

Because it is expected that the City will be responsible for these veterinarian costs in the foreseeable future, it must follow a competitive bid process. The issuance of a
Request for Qualifications (RFQ) is part of this process and also will provide the Department with the ability to choose a service provider in a more timely and orderly manner.

The Department will report back to the Board with the results of this RFQ. Timely approval of this report – and the release of the RFQ - is essential given that Ringling Bros. and Barnum & Bailey circus will be in Los Angeles from July 10 through July 16, 2013.

BACKGROUND

The issue of elephants and other exotic animals performing in circuses generates much controversy. Animal welfare advocates argue that wild animals and their performances no longer belong in circuses, and that this form of entertainment is outdated. Moreover, there is serious concern about how these exotic animals are treated and disciplined so that they can behave and perform properly.

Entertainment companies assert that these animals are well treated and that circuses are an important economic development activity.

The Board has recently weighed in on the elephant issue. On April 24, 2012, the Board recommended banning the use of bull hooks, which are used in the training and performance of elephants (Council File 12-0186). And, on October 23, 2012, Commissioners recommended various options relative to regulating the use of wild and exotic animals in traveling shows and exhibitions. This Board’s report subsequently was discussed by the City Council’s Personnel and Animal Welfare Committee which recommended a ban on both bull hooks and the use of elephants for most types of performances within the city limits. The matter now is pending before the full City Council, though it is uncertain when it will be heard.

Given the uncertainty as to whether circus elephant performances may or may not be forbidden in the City, circuses using elephants and other exotic animals will continue performing in Los Angeles in the near future. In fact, the largest of these, Ringling Bros., will return in July 2013.

The Mayor has asked that, as long as these performances are offered in Los Angeles, the Department ensure that Ringling Bros. animals (with an emphasis on elephants) are independently inspected as part of the Department’s permit issuance procedure. To make sure this happens, veterinarians with experience with wild and exotic animals are needed to inspect travel containers, animals' temporary quarters, and circus conditions for elephants, tigers and other wild and exotic animals performing in the City.

It is also possible that, upon occasion, permit applicants apart from Ringling Bros. will require independent inspections. Establishing a list of qualified veterinarians will facilitate the accomplishment of those tasks.
USE OF WILD AND EXOTIC ANIMAL VETERINARIANS

These inspections include checking the travel compartments to make sure that they meet standards for approved accommodations (space, cleanliness, etc.), reviewing medical records on each animal, accompanying the elephants as they walk to their temporary shelter, and conducting spot inspections of elephants and other animals before, during and after their performances. The veterinarian is also required to provide the Department with a comprehensive report of his/her findings.

In 2011, PETA paid for the services of a locally-based wild and exotic animal veterinarian, Dr. Howard Martin. Last year, after the veterinarians at the Los Angeles Zoo declined to participate, Animal Services retained the services of Dr. Phillip K. Ensley. Dr. Ensley was the long-time elephant veterinarian at the San Diego Zoo and, in retirement, provides his services as a Colorado-based consultant. Because the original cost estimate was under $5000, the General Manager was authorized to unilaterally approve payment using Animal Welfare Trust Funds. The final bill totaled $5,692, thereby requiring final approval from the Board.

REQUEST FOR QUALIFICATIONS

Dr. Ensley’s services were not obtained via a competitive bid process. Given the need to quickly select a veterinarian and the lack of a qualified list of veterinarians to choose from, the Department managed to obtain his services by using an Authority For Expenditure (AFE). AFEs are meant to be used on a one-time basis and are approved by the City Attorney. However, given that the need to hire a veterinarian for these inspections will be on-going, the Department is compelled to follow a formal procurement process to be used to contract with the next veterinarian. A Request For Qualifications (RFQ) is the appropriate vehicle to do this.

The RFQ (attached) requires proposers to submit a Statement Of Qualification to provide veterinary services on a pre-qualified, on-call basis. It is anticipated that a list of several veterinarians will be established. The Department is hoping that the proposed cost will be below $5000 and is requesting proposers to use that as their target.

RFQs will be evaluated and scored. Applicants receiving a score of 75% or more will be considered qualified. The Department will report back on the list of qualified applicants. Service providers will be contracted on an as-needed basis.

Cost, best value and/or availability will be considered in the choice of service providers for each assignment. Contracts will be subject to City Attorney review and approval as to form and legality. The Department will seek Board approval to negotiate and execute a contract if the amount exceeds $5,000.

Subject: Approval to Release Wild/Exotic Animal Vet RFQ

FISCAL IMPACT

There is no impact on the General Fund. The veterinarian will be paid using Animal Welfare Trust Funds. The Department expects that this will amount to between $5,000-10,000 per year.

The Department has performed an extensive review of our authorized staffing level. The review compared the number of authorized, resolution and substitute authorities in the Fiscal Year 2007-08, the high water mark for the number of employees against the number of employees. Attached is a chart showing the positions deleted and current vacancies.

In 2007-08, the Department was authorized a total of 438 positions. This year, the Department has been reduced to 325 regular and resolution authorities. This equates to a reduction of 25.7% in the Department staffing levels over the past five years. Subsequently, this reduction has severely impacted our ability to meet the increased workload and the commitment to achieve “No Kill” status this year.

An important dilemma facing the Department now is an increased holding period for animals. As the number of shelter staff decreases, the number of kennels increases, along with the animals within. This, coupled with the Department’s “no kill” philosophy will result in animals being held for a longer period of time, resulting in increased animal populations that must be cared for by a reduced staff. These factors are creating a situation at our shelters that makes them unsafe for our Animal Care Technicians to operate, and creates unsafe and dirty conditions for the animals. In 2000, the City contracted with Meyer & Allen Associates to conduct a master facilities study.
that was used to design and build the new animal shelters. The Meyer & Allen staffing requirements recommended a shelter staffing requirement of 266 positions in 2005 with the number increasing to 378 by 2010. By comparison, Animal Services’ staffing in 2005 was 302; however, in 2013, the Department only had 325 employees, which was below the Meyer & Allen standard of 378.

Shelter staffing has been heavily impacted due to the reduction in Animal Care Technicians (ACT) personnel. During the comparison period, the number of ACT’s and ACT Supervisors fell from 183 to 154 or 15.8%. In addition there are six vacant ACT positions waiting to be filled, though it is uncertain whether the Managed Hiring Committee will allow this. ACT staff reductions coupled with vacancies severely impacts our ability to adequately staff the new South Los Angeles Shelter.

In Fiscal Year 2007/08 the Department had 1,930 kennels at its shelters. This year the number of kennels has increased to 2,029, a 5.1% increase. The increase in kennels coupled with the reduction in the number of ACT’s will be magnified now that the new South Los Angeles Shelter opened. The new facility has twice as many kennels as the old shelter. The number of new kennels will substantially increase the workload of our ACT staff.

Our field operation has also been impacted by staff reductions. Animal Control Officer positions have been reduced by 25. This results in many calls for officer assistance being classified as “Unable to Make” (UTM). Officers assigned to field duty must only handle calls for service that are a threat to the health and welfare of an animal or human. Any patrol time remaining can be assigned to calls of lesser importance such as off-leash or barking dog complaints.

The Department’s veterinary services continue to feel the effects of staff reductions and vacancies. In the last five years the veterinary staff has lost six medical veterinary positions along with 14 Veterinary Technicians. The loss of these position results in additional animals being sent to private contract veterinary clinics for care. This additional care by outside vets results in additional costs to the Department during a period when our budget has been reduced for all services.

The Department’s administrative staff has also been severely impacted by the elimination of analyst positions. The analyst category is responsible for contracts, requests for records, supervising the Administrative Hearing Program, providing administrative support to the Board and preparing, implementing and monitoring budget related items. In the last five years the number of analyst positions has been reduced from five to one.
The administrative staff is currently evaluating three Requests for Proposals for microchips, a mobile spay and neuter van and vaccination clinics. The lack of administrative support has resulted in the delay of reviewing selecting and awarding a contract. In addition, the Administrative Hearing program for barking dogs and dangerous animals has been greatly impacted by the staff reductions. In 2011 there were 82 dangerous animal and barking dog cases waiting to be heard. The wait time for a hearing date increased to six or eight months. The Department assigned a second hearing officer to the program and reduced the backlog to where the hearings were held within 30 days of the shelter filing the case.

Due to field operations needs, budget constraints and a lack of clerical support, one of the hearing officers was reassigned to a shelter along with the clerk typist assigned to the Administrative Hearing Program. The reassignment of these two positions has increased to 45 days, the time required to schedule an administrative hearing. Currently, the Hearing program has 23 cases that have not been scheduled. To keep up with the administrative duties required of the program, other staff members have been assisting the hearing officer. However, it is very difficult to cover the loss of two staff and the 80 hours that were devoted to the Administrative Hearing Program.

It is understood that staff reductions have occurred throughout all City departments. The Department stands ready to do its part to ensure the solvency of the city’s budget. However, it must also be understood that the reduction in the Department’s staff results in many worthwhile projects being canceled and important programs being delayed.

The issuing date for the RFQ is [TBD]. The closing date for this RFQ is 2:00 p.m. on [TBD]. Responses may be submitted at any time prior to the due date.

A panel from the Department of Animal Services and outside experts will evaluate the written responses to this RFQ to establish a list of pre-qualified on-call wild and exotic animal veterinarians/veterinary consultants.

2. COST OF CONSULTING CONTRACTS

It is anticipated that the services required under this contract will be under $5000 per engagement; however, the Department may consider services over that amount.

3. FINANCIAL RESPONSIBILITY

The City shall not be responsible in any manner for the costs associated with the submission of your SOQ. The SOQ, including all drawings, plans, brochures, photographs and other materials submitted shall become the property of the City upon receipt by the City. The City will negotiate a contract with firm(s) selected for the Pre-Qualified On-Call List. The City reserves the right to revise the RFQ, withdraw the RFQ, reject any response for non-compliance with the RFQ provisions, or not to award a contract at any time because of unforeseen circumstances or if it is determined to be in the best interest of the City. If the RFQ is revised, written revisions to the RFQ will be made available to all potential respondents who received the RFQ.
5. **ACCEPTANCE OF TERMS AND CONDITIONS**

Submission of a SOQ shall constitute acknowledgement of acceptance of all terms and conditions hereinafter set forth in this RFQ unless otherwise expressly stated herein. - These inspections include checking the travel compartments to make sure that they meet USDA standards for approved accommodations (space, cleanliness, etc.), reviewing medical records on each animal, accompanying and observing the animals as they walk to their temporary shelters, and conducting spot inspections of elephants and other animals before, during and after performances. These inspections may occur before dawn and late into the evening.

- The veterinarian must be able to determine whether the animals are healthy enough to perform without risk of injury.

- The veterinarian must disclose if there is any potential conflict-of-interest in performing this work or if the veterinarian is party to any elephant-, circus- or City-related litigation.

- The veterinarian shall provide the Department of Animal Services with a complete report detailing his/her findings.

- It is likely that this services will be used only once a year, during the summer, and for a maximum one-week period, though other occasions may be contemplated depending upon need and circumstances.

7. **ASSIGNMENT OF WORK**

The assignment of work under this contract will be done by calling veterinarians on the list and determining who is available. If there is only one veterinarian available, the Department will contract with that veterinarian.

If more than one veterinarian is available to provide the services, the Department will request a proposal from those available. Assignments will be awarded to the pre-
qualified on-call list proposer whose proposal represents the best overall value to the City.

Once an agreement is reached, the City will issue a Notice to Proceed. No work is authorized until the City issues the Notice to Proceed to the selected veterinary consultant. No guarantee of work is given or implied to any of the consultants on the list. A consultant may reject any offer of work; however, three such rejections during the term of the contract, including failures to respond to solicitations may be cause for removal from the list.

8. CHECKLIST OF SOQ REQUIREMENTS

Respondents shall submit an original and four copies (total of five sets) and one PDF copy on compact disc of their Cover Letter and SOQ. An original and one copy (total of two sets) of all other required documents, bound separately and clearly labeled, are to be submitted at the same time as the SOQ submittal.

The proposer must describe their experience determining whether these circus animals are healthy and can perform without risk of injury.

The proposer’s SOQ must disclose if there is any conflict-of-interest in performing this work or if anyone in the organization is party to any elephant-, circus- or City-related litigation.

The SOQ must include a statement that it is genuine, and not a sham or collusive, nor made in the interest or on behalf of any person not herein named, and that the respondent has not directly or indirectly induced or solicited any other respondent to put in a sham SOQ, or any other person, firm or corporation to refrain from responding, and that the respondent has not in any manner sought by collusion to secure for itself an advantage over any other respondent. 9. **CONSULTANT SELECTION PROCEDURE**

SOQs will be reviewed by a panel from the Department of Animal Services. The following criteria will be used in evaluating the respondent’s SOQ to determine which respondents are deemed most qualified for the successful performance of wild and exotic animal veterinarian services. Respondents submitting SOQs may be called for an oral interview to further assess their qualifications. If the consultant has complied with other City requirements, the consultant will be placed on the pre-qualified on-call list. For specific work requests, proposals will be solicited from the consultants on the list pursuant to the terms of Section 7.

Consultants will not be allowed to make any changes to their SOQs between the time of submittal and the time a decision is made by the City on which firms are “short-listed” for interviews. If a consultant has been short-listed, the consultant may revise its SOQ.
ONLY if the City is notified in writing. The notification must be received by the City at least 10 days prior to the interviews. The notification must clearly state the reasons for and the specifics of the changes.

**Selection/Evaluation Criteria**

- **Technical Qualifications and Past Experience**
  This includes the individuals’ background, experience, and familiarity with the inspection of performing/zoo elephants, tigers and other wild and exotic animals; and the qualifications of personnel.

- **Record of Past Performance**
  This includes quality of work, completion of work on time and within budget, and the response of references.

- **Cost/Value to the City**
  This includes proposed fees, if these fees are within budget (target: below $5,000), and if these fees are appropriate and reasonable.

12. **CITY CONTRACTUAL REQUIREMENTS**

The City of Los Angeles has certain policies and requirements that may affect the contracts awarded from this RFQ. Refer to Attachment X for a sample of the City of Los Angeles’ Personal Services Contract. Therefore, all prospective consulting firms are advised of the following:

- **Contractor Responsibility Ordinance (CRO)**

The contract will only be awarded to a responsive, responsible consultant. All businesses or individuals seeking to contract with the City of Los Angeles are required to demonstrate that they possess the quality, fitness, and capacity to perform the work set forth in the contract under the terms of the criteria listed in the Los Angeles “Contractor Responsibility Ordinance” (Article 14, Chapter 1, Section 10 of the Los Angeles Administrative Code). Respondents are required to complete all sections of the “Responsibility Questionnaire.” Submit the Questionnaire with the SOQ. Failure to return the completed document may result in the respondent being deemed non-responsive. When the contract is awarded, the consultant and its subconsultants will be required to sign a “Pledge of Compliance with the Contractor Responsibility Ordinance”. The City is committed to maximizing opportunities for local businesses, as well as encouraging local businesses to locate and operate in Los Angeles County (County). It is the policy of the City to prevent unemployment, encourage an increase in local jobs, and create high road economic development. Qualifying firms who participate in the LBPP by qualifying as a local business may receive 8% of the total possible evaluation points added to their evaluation score. Qualifying firms who do not qualify as a local business, may qualify for the LBPP by identifying a local subconsultant to perform work under the contract. Up to 5% of the total possible evaluation points may be added to the evaluation score.

Animal Services is entitled to determine at any time before the award of a contract that it is not in the City’s best interest to grant a preference to a qualifying local business or subconsultant. Further information regarding the LBPP is provided as Attachment X.

12. PROPOSAL PROTEST PROCEDURES

These procedures provide a method for resolving, prior to award, protests regarding the award of personal service contracts by and through the City’s Board of Animal Services Commissioners. These procedures are for the benefit of the City and are not intended to establish an administrative requirement that must be exhausted by the protesting consultant prior to pursuing any legal remedy that may be available. For this reason, no consultant shall have any right to due process, should the City fail to follow these procedures, for any reason within its discretion. However, failure by a consultant to follow the protest procedures as discussed below will create the presumption that any subsequent legal action in a court of competent jurisdiction is of no merit. These procedures will enable the Department of Animal Services to ascertain all of the facts necessary to make an informed decision regarding the award of the contract.

a. A protest relative to a particular Request for Proposal/Request for Qualifications (RFP/RFQ) must be submitted in detail and in writing and be postmarked within five calendar days after the receipt of proposal or statement of qualification by the City. The day of the proposal or statement of qualification receipt shall be considered as day one.

b. All protests must be addressed to:

Attention: Ross Pool  
Department of Animal Services  
221 North Figueroa Street, Fifth Floor  
Los Angeles, California 90012

c. Advance copies of protests will be accepted if sent via fax within the protest period to Mr. Pool at (213) 482-9511 or ross.pool@lacity.org and provided approval is received prior to sending the fax or email, by calling Mr. Pool at (213) 482-9501.

d. The Board of Animal Services Commissioners will only consider protests against any consultant who appears to have a substantial and reasonable prospect of receiving a contract if the protest is sustained.

e. The Board of Animal Services Commissioners may consider protests from consultants concerning contract compliance matters beyond the protest period. These protests will receive due consideration if the consultant
submits the protest in a timely period and such protest affects a consultant who appears to have a substantial and reasonable prospect of being selected if the protest is accepted.

f. Protests meeting the above criteria will be analyzed and reported upon in a written report to the Board of Animal Services Commissioners. Protesting parties will be notified of the time and date that the written report will be discussed in a public session of the Board of Public Works. Protesting parties will be given the opportunity to present their arguments at the public session.
