Commissioner Zaft thanked Lucy Pet Foundation for submitting bid and answering questions; said they should think strategically and not compete for the same space with the Amanda Foundation.

Public Comment

Marc Peralta: Supported agreements with both agencies and stated importance of reducing intake.

Mr. Herrick added the importance of spay/neuter legislation – gave example of Riverside and San Bernardino when animals are dumped in the desert; need sensible enforcement. Commissioner Zaft responded that ACE program addresses that issue.

E. Board Report re Proposal to Allow the Amanda Foundation and Home Dogs L.A. to do a Combined Spay/Neuter and Wellness Clinic Day at the North Central Animal Shelter on October 11, 2015

GM Barnette said idea originated from Teri Austin. Sandra with Home Dog L.A. is the Bilingual Intervention Coordinator at North Central shelter; serve over 50 families per month; want to reach families that don’t qualify for a voucher – a lot of people can’t provide the paperwork to prove they are low-income and they slip through the cracks, so a lot of animals are not getting spayed or neutered; they don’t meet the Pets4Life zip code criteria; the preventive care will also include a wellness clinic – they see a lot of people relinquish animals because they don’t have the money for basic care; low income pet owners need access to resources; education is key to prevent overpopulation; need for behavior modification; intervention works – moto is 1st Home Forever Home.

Commissioner Gross asked what the top three issues are in intervention program. Sandra responded that medical care came in first, redemption fees second, 3rd was spay / neuter costs, and not enough Spanish speakers to assist in the process and walk people through it is 4th. Commissioner Wolfson stated he loves serving as a volunteer at North Central and is very supportive of this proposal. Commissioner Brent asked
about outreach because, for sterilization, it needs to be scheduled in advance. Sandra responded they are establishing a relationship by word of mouth, number is provided to public, and will be doing door-to-door flyering. GM Barnette suggested using Councilmember O’Farrel’s office to help distribute flyers.

Public Comment
Vince Wong: Found animals can provide data on all the work that they do; suggested redemption fees be agendized. Andrew Brown: Stated that if a dog has been licensed before, the owner has to pay back licenses; if the dog has never been licensed, they only pay $20; need fix-it tickets.

Commissioner Wolfson moved to allow the Amanda Foundation and Home Dogs L.A. to do a combined spay/neuter and wellness clinic at the North Central. Commissioner Brent seconded and the motion passed 4 - 0.

6. ADJOURNMENT

Commissioner Wolfson made a motion to adjourn the meeting in honor of Marc Peralta’s upcoming wedding and Commissioner Gross seconded. Motion passed 4 - 0.

Meeting ended at 9:58 p.m.
